Only edition of Juvenal printed in Nuremberg

Set from Tacuinus's edition of 1494/95 (Juv045), but four leaves shorter. The title page
reproduces the abbreviations of the commentators' names from Tacuinus's title page but
does not have the woodcut which made the abbreviations necessary. The wording of the
colophon also follows that of Tacuinus. The running titles in the first half of the book
generally have the spelling 'SATIRA' rather than 'SATYRA'.
