Comparison of the images of page a2<sup>r</sup> and i3<sup>v</sup> suggests that this may be a reissue of sheets of the edition printed by Barbier for Frellon and Vincent in 1562 (Juv169) with a refreshed title page.

SBN lists a Vincent imprint which appears to be a variant state of this edition.

The format can be determined as 12° on narrow median paper (width-to-height ratio 1:1.6); the chainlines are horizontal; occasional watermark visible (in middle of outer edge of c7,8 in the Newberry and Folger copies).
